📍 Riyadh (Willing to relocate)

SUMMARY

Innovative software engineer. I help companies thrive through cutting-edge solutions and transformative technologies. Passionate about crafting efficient code and fostering collaborative development environments. Committed to driving innovation and exceeding project goals for organizational success.

EXPERIENCE

Full Stack Developer

Amerna

📅 02/2024 - 05/2024 📍 Riyadh (Internship)

- Designed and implemented RESTful APIs that improved backend response times by 40%, enhancing overall application performance and user satisfaction.
- Collaborated with cross-functional teams to deliver projects on time and within budget, achieving a 95% on-time delivery rate for all assigned tasks.

Software Engineer

Bianat

📅 09/2023 - 02/2024 📍 Riyadh (Remote)

- Successfully drove a 150% increase in organic sign-ups to monthly active users by redesigning and optimizing the sign-up page and landing page for enhanced navigation.
- Utilized data-driven decision-making, analyzing user behavior and metrics, leading to a 30% increase in user engagement and a 15% boost in average session duration.
